

The Bicycle Private Hire

When you private hire The Bicycle, instead of having a buffet table in a corner of the room, we provide a high tea placing all items on individual tables through the whole restaurant and replenish. Sandwiches, warm and cold savouries and freshly made cakes with tea and coffee been served throughout. By doing this it gives more room for people to move around, join others at the table, giving the chance for the family to walk round and chat to their guests and to be looked after and served by our staff instead of you serving yourself.
